## **Eddy Robinson, Conductor & Music Director**

In March of 2021, Bend Pops Orchestra was privileged to announce Eddy Robinson as its new conductor. With the ebbs and flows of the pandemic, Eddy was unable to take up the baton until the spring of 2022, and the orchestra could not perform in concert that season. Holiday Concert in 2022 marked Eddy's public performance debut with the Pops.

Bend Pops musicians have flourished under Eddy's leadership. He manages with grace and humor the challenges of a community group with all levels of ability, and his skills as a music educator have brought new passion and cohesion to the group. This new synergy manifests itself in the group's improved sound and member enthusiasm.

Eddy is a wonderful musician in his own right and plays string bass with the Central Oregon Symphony. Eddy moved to Bend in 2012 and has been teaching orchestra in public schools since 2005.
